### **Ownership Transfer - AFO Registration Instructions**

1. Complete the MDE Transfer Form at Settlement; signed by both Buyer and Seller.
2. New Owner:
  - a. Sign a copy of the current Comprehensive Nutrient Management Plan (CNMP) of record on file with MDE.
  - b. Fill out and sign the MDE 19AF Notice of Intent (NOI) Form requesting *New* Permit Coverage.
  - c. Obtain a Nutrient Management Plan (NMP) under New Owner's name.
    - *No-Land Plans*: Hunter Phillips – MDA CNMP Planner  
443-234-3009 [hunters.phillips@maryland.gov](mailto:hunters.phillips@maryland.gov)
    - *Land Plans*: WO University of Maryland Extension 410-632-1972
    - Private Consultant List provided below (*can complete both Land and No-Land Plans*)

**Return all signed documents to Worcester Soil Conservation to assist with submitting completed paperwork to MDE.**

Per the MDE NPDES Permit No. MDG01 following the "Transfer of Authorization: The new permittee submits a new Required Plan to the Department within 90 calendar days of the submission of the transfer form and NOI." **Contact your local SCD for a CNMP in the New Owner's name.**

**Note:** These instructions do not replace due diligence of the Buying or Selling party at any time during the real-estate transaction. Legal liability, proper operation and maintenance, and knowing the requirements of the *Maryland General Discharge (GD) Permit for AFOs* is expected of all AFO owners and/or operators.

## Environmental Justice (EJ) Score

The EJ Score is an overall evaluation of an area's environment and existing environmental justice indicators including pollution burden exposure, pollution burden environmental effects, sensitive populations, and socioeconomic factors. Provide the EJ Score resulting from the use of a Maryland EJ tool for the census tract where an applicant is seeking a permit. The EJ Score can be generated using MDE's EJ Screening Tool at: <https://mdewin64.mde.state.md.us/EJ/>.

<b>22. EJ Score:</b>

## CAFOs Only - Fees

Once a completed NOI is received by MDE and processed, MDE will invoice the applicant for any permit fees owed pursuant to COMAR 26.08.04.09-1.

## Required Plan

*CAFO permit application requirements at 40 CFR §122.21(i)(1)(x) specify that applications for coverage (including NOIs) must include nutrient management plans (NMPs) that at a minimum satisfy the requirements specified in 40 §122.42(e). Comprehensive Nutrient Management Plans (CNMPs), as defined in the General Discharge Permit for Animal Feeding Operations (AFOs) (19AF, MDG01), satisfy these requirements. An application will not be processed until a completed NOI form and a current CNMP are received. A CNMP must be developed by a certified and licensed plan writer, and in addition to the federal requirements, must satisfy the nutrient management requirements in COMAR 15.20.07 and 15.20.08.*

## Certification

*By signing this form, I the applicant or duly authorized representative, do solemnly affirm under the penalties of perjury that the contents of this application are true to the best of my knowledge, information, and belief. I hereby authorize the representatives of MDE to have access to the AFO and associated lots/facilities (farms) for inspection and to records relating to this application at any reasonable time. I acknowledge that depending on the type of permit applied for, other permits or approvals may be required. The personal information requested on this form is intended to be used in processing your NOI. This Notice is provided pursuant to Title 4 of the General Provisions Article, Annotated Code of Maryland. Your NOI may not be processed if you fail to provide all requested information. You have the right to inspect, amend, or correct this form. MDE is a public agency and subject to the Maryland Public Information Act (Md. Code Ann., Gen. Prov. §§ 4-101, et seq.). This form may be made available on the Internet via MDE's website and is subject to inspection or copying, in whole or in part, by the public and other governmental agencies, if not otherwise protected by federal or State law.*

# UME Nutrient Management Advisors

---

 [extension.umd.edu/resource/ume-nutrient-management-advisors/](https://extension.umd.edu/resource/ume-nutrient-management-advisors/)

Note: The MDA recently cut and then reinstated funding for nutrient management plan development through our program. The program is being restructured, so please bear with us as we grow our team! We look forward to hiring additional excellent Nutrient Management Advisors to serve Maryland farmers.
